PERMIT FEES FOR COMMUNITY EVENTS

All food vendors are required to obtain an **Environmental Health Permit** to sell food and drinks at a community event. A community event is defined as any event that is of civic, political, public or educational nature, including state and county fairs, city festivals, circuses and any similar public gathering approved by the local enforcement agency.

In addition to the permit issued to each food vendor participating in a community event, a permit must be obtained by the person or organization responsible for the event (Event Organizer permit). Persons organizing the event must ensure all food vendors comply with all laws and requirements. All permits must be obtained at least two weeks before the event. **Failure to obtain a permit two weeks prior to the event may result in additional fees being charged or no permit being issued.**

THE EVENT ORGANIZER HAS TWO OPTIONS TO OBTAIN COMMUNITY EVENT PERMITS:

A Community Event that occurs for 3 days or less within a 90 day period is considered an **Occasional Event**.

A Community Event that occurs for 4-25 days within a 90 day period is considered a **Temporary Event**.

Option 1: GROUP PERMIT FEES: - The event organizer obtains a group permit that covers all the food vendors. *The event organizer permit fee ($) may be waived with this option if the permit is obtained at least 2 weeks prior to the event.*
